Georgia Minority Health Advisory Council Addendum

Because of Georgia's racial and ethnic diversity, and a dramatic increase in segments of the population with Limited English Proficiency, the Georgia Minority Health Advisory Council is working with the Department of Community Health to assess our health systems' ability to provide Culturally and Linguistically Appropriate Services (CLAS) to all segments of our population. We appreciate your willingness to provide information on the following questions:

1. Do you have paid medical interpreters on staff? (Check the box, if yes.) ☒

If you checked yes, how many? 1.3999999761581 (FTE's)

What languages do they interpret?

2. When a paid medical interpreter is not available for a limited-English proficiency patient, what alternative mechanisms do you use to assure the provision of Linguistically Appropriate Services? (Check all that apply)

Bilingual Hospital Staff Member ☒

Bilingual Member of Patient's Family ☒

Community Volunteer Interpreter ☐

Telephone Interpreter Service ☒

Refer Patient to Outside Agency ☐

Other (please describe): ☐

3. Please complete the following grid to show the proportion of patients you serve who prefer speaking various languages (name the 3 most common non-English languages spoken.)

Top 3 most common non-English languages spoken by your patients	Percent of patients for whom this is their preferred language	# of physicians on staff who speak this language	# of nurses on staff who speak this language	# of other employed staff who speak this language
Spanish		0	0	0
Korean		0	0	0
Russian		0	0	0

4. What **training** have you provided to your staff to assure cultural competency and the provision of **Culturally and Linguistically Appropriate Services (CLAS)** to your patients?

Employees complete competency assessments to ensure that they have the ability to use specific

skills and knowledge to be aware when a language barrier exists that would require interpreting services. Stakeholders are provided specific training on how to contact the interpreter services and confirm appointments that coincide with a patient's schedule to ensure an interpreter is available at time of arrival and throughout the entire visit.

5. What is the most urgent tool or resource you need in order to increase your ability to provide **Culturally and Linguistically Appropriate Services (CLAS) to your patients?**

At this time, no urgent tool or resource is needed as we have resources available to provide CLAS to our patients.

6. In what languages are the signs written that direct patients within your facility?

1. English

2.

3.

4.

7. If an uninsured patient visits your emergency department, is there a community health center, federally-qualified health center, free clinic, or other reduced-fee safety net clinic nearby to which you could refer that patient in order to provide him or her an affordable primary care medical home regardless of ability to pay? (*Check the box, if yes*) ☐

If you checked yes, what is the name and location of that health care center or clinic?
