WHO WE ARE

Cancer Treatment Centers of America (CTCA) is part of City of Hope, a National Cancer Institute-designated comprehensive cancer center.

This joining of forces unites our shared vision, values and commitment to broaden access to high-quality, compassionate care that puts patients first. As part of City of Hope, CTCA® will be able to expand your and your patients' access to world-class cancer care, clinical trials, ground-breaking research and innovations in cancer treatments.

CTCA offers surgery, radiation, chemotherapy, interventional oncology, genomic testing, precision cancer treatment and immunotherapy. We support patients' overall wellbeing with therapies designed to enhance their quality of life while managing side effects during and after treatment.

Our multidisciplinary teams are organized by assembly of skilled clinicians across the enterprise who spearhead expansion and enhancement of specialized, disease-specific cancer care. These experts work together using evidence-based pathways to deliver quality care and stay abreast of clinical innovations.

Our pledge TO REFERRING PHYSICIANS
